

Rollout of the New AIA Logo

January 21, 2021

Last October, AIA announced the introduction of a new logo, indicating a **new visual identity implemented to support AIA priorities**. This new logo is a significant departure from previous, and is meant to signal, in part, evolution and commitment to our 21st century challenges.

AIA has now started rolling out the new logos to the chapters. For the next few weeks we will be updating our website, social media, communications, etc. to reflect the new look. Stay tuned!
