Celebrating First 500 Black Women Architects - Webinar

On Monday, March 8, AIA DC had a webinar - "First 500: A panel Discussion celebrating the Milestone of 500 Licensed Black Women Architects." The recording is available at the link below.

The First 500 initiative highlights Black women architects & raises awareness of their distinction. The celebration highlights some of DC's own architects among the First 500 about their pathway to licensure and their experiences as well as the future for Black women in the profession.

AIAO Lunch + Learn - AZEK

Mar 17 | 12-1pm

"Enduring Beauty: High Performing Open Jointed Cladding Systems"
1 AIA LU|HSW Available

This course encourages participants to think outside the box and consider using polymer cladding as a material to create aesthetic, enduring, and moisture resistant rainscreens that will better protect buildings and its occupants. We will discuss other more commonly used products and the issues faced with each.

Fire Protection Survey

Fire protection engineers and architects are invited to participate in a research study through a 5-10 minute online survey (link below). This study aims to collect data to understand the roles of fire protection engineers and architects and who plays the role of the expert on various building design projects.

Urban Design Panel

Mar 16 | 12-1pm

Please join the Urban Design Panel Tuesday for a presentation on Climate Responsive Urban Design led by Heather Flint Chatto, Principal of Forge Design + Planning and Director of PDX Main Streets. She will discuss her community based planning and visioning work, and how that can lead to greater support for density through creative public engagement and increased design literacy.

2030 Working Group

Mar 18 | 12-1pm

This month we will be discussing the new and improved DDx database, and will perform an example walk-through for uploading a project. This is to assist with firms and sole practitioners who are new to the AIA 2030 reporting process, as well as provide an update for firms who have used the previous version of the DDx.

AIA Oregon Digital Design Series

AIA Oregon's Digital Design Series is a 1 hour virtual session with various presenters on Zoom that occurs Wednesdays at 5:00pm. The topics of this series are design-focused, based on the concept of Learning from Sharing, led by people in our community and should provide opportunities for discussion.

If you would like to present, or have an idea for a DDS topic, please contact info@aiaoregon.org.

March 10 Recording Available

Julia Mollner and Molly Esteve speak about the Useful Waste Initiative, a PSU Center for Public Interest Design-led initiative that aims to reframe the industry's view on construction waste and encourage material diversion and reuse, specifically by utilizing an overlooked material resource – stand-alone construction mock-ups - by repurposing the material and responding to pressing social needs, such as the local housing emergency.
