### AIAO Social Justice Action Plan Update

June 30 | 5-6pm

This is the first follow up to our Social Justice Listening Session on June 5. Join us for a discussion of the response to the listening session, the development of the action plan, the initial tasks to take on, and what we are currently working on.

The overall intent of the AIA Oregon Social Justice Action Plan is to embed EDI principals into all we do, and to do this, we need the involvement of a large group of committed members. Please spread the word!

### AIA Guides for Equitable Practice

We recently added a Social Justice Resources page to our website. One of the categories on this page is Equitable Practice. Today we'll focus on the AIA Guides for Equitable Practice.

The Guides for Equitable Practice, done in partnership with the University of Washington and the University of Minnesota, and the American Institute of Architects' Equity and the Future of Architecture Committee (EQFA), are a vital part of AIA's long-term commitment to lead efforts that ensure the profession of architecture is as diverse as the nation we serve. Our own Karen Williams, AIA Eugene, was a member of the AIA Equity and the Future of Architecture (EQFA) Steering Group that lead the development of the guides.

### Committee on Equity, Diversity, & Inclusion

AIA Oregon remains committed to convening our members, allied industries, educational institutions, and community organizations to deepen our understanding and advance the stated goals of the AIA Guides for Equitable Practice.

The Committee on Equity, Diversity and Inclusion actively engages design professionals across the state in reviewing, discussing, and sharing implementation of the Guides. We aim to provide our members and volunteers a venue and a meeting format – physical or virtual – suitable for

## A Letter from the Fellows Committee

Dear Oregon AIA Member,

Your colleagues who are Fellows of AIA are concerned that there are architects of exceptional abilities and accomplishments around the state who have not been recognized for their professional achievements. If you know of such a person who has been a member of AIA in good standing for at least ten years – including yourself – then please let us know (info@aiaoregon.org, please include Fellows in the subject line). We will follow up with information and assistance in assembling an application for fellowship.

There will be no obligation for candidates to do anything unless they choose to apply, but we want to ensure that deserving architects are at least given the opportunity to become Fellows. Submissions for fellowship are due in October of each year, and successful applicants are notified the following February.

A useful guide to submission requirements, selection criteria and examples of successful submissions can be viewed [HERE](#)

# AIAO Virtual Happy Hour

[Advocacy](#)  
[Knowledge Communities](#)

Fridays | 4-5pm | Zoom

The next Virtual Happy Hour is this Friday, June 26, at 4pm. The topic this week is the use of virtual building tours in AIA Oregon programming. We'll take a look at [a recent article in ArchDaily](#), with virtual tours of work by Gaudí, Wright, Niemeyer and Le Corbusier, discuss who is providing this service, and how we can utilize it more frequently to share our work.

The AIA Oregon Virtual Happy Hours are a chance for colleagues to get together in an informal setting and engage with others.

## AIA Oregon Digital Design Series

AIA Oregon's the Digital Design Series is a 1 hour virtual session with various presenters on Zoom that occurs Wednesdays at 5:00pm. The topics of this series are design-focused, are based on the concept of Learning from Sharing, led by people in our community and should provide opportunities for discussion.

If you have an idea for an upcoming Digital Design Series event, or would like to participate, please contact [info@aiaoregon.org](mailto:info@aiaoregon.org)

### June 24 Recording Available

At our Digital Design Series event yesterday (June 24), Nicholas A. Radon, AIA with BLRB Architects gave a presentation and virtual tour during construction of The Hixon at Westside Yard in Bend. It was an in-depth, detailed, and entertaining look at Bend's tallest building from a technical perspective.

### Next Week's Digital Design Series Event

#### The Digital Sketchbook:

**Exploring the transition from hand to digital drawing for architectural study drawings**

**July 1 | 5:00-6:00pm**

Presented by Jason Roberts, AIA, Managing Design Principal, Ankrom Moisan Architects, Inc.

Jason will discuss how iPad has transformed his design process, allowing ways to mix and manipulate sketchbook, trace, AutoCAD, Revit and Sketchup drawings, pdfs and images. Using modern technology, he

has developed ways to study design ideas, much like was traditionally done thru drawing and trace paper layers. Now that we are working from home without printers and needing to share ideas electronically, it is a good time to share tools, processes and tips on working with the digital tools. He will cover tools like Procreate, Concept Board, Bluebeam, Scanner Pro and OneDrive on the iPad as well as other tools available on Surface tablets.
