Architecture Foundation of Oregon

Architects in Schools Call for Volunteers

Apply by October 23

The Architecture Foundation of Oregon is calling all architects, engineers, contractors, planners, architectural historians, architecture students and related professionals to help them bring Architects in Schools to students across Oregon for the 20-21 school year.

For 50 years, Architects in Schools (AiS) has helped teachers and impacted students by offering free programming based in architecture and creative problem solving. With the pandemic challenging schools to adapt to distance learning across the state, it is clear that Architects in Schools is needed now, more than ever.

They are planning an AiS structure for the 2020-21 school year that can best serve students, assist teachers and engage design & building professionals and architecture students in a safe and supportive way. Whether students are learning through distance learning, in the classroom, or a hybrid model, they are prepared to work with you.

Apply to participate today!

AIA Oregon Digital Design Series

AIA Oregon's the Digital Design Series is a 1 hour virtual session with various presenters on Zoom that occurs Wednesdays at 5:00pm. The topics of this series are design-focused, based on the concept of Learning from Sharing, led by people in our community and should provide opportunities for discussion.

If you have an idea for an upcoming Digital Design Series event, or would like to participate, please contact info@aiaoregon.org

August 26 Recording Available

At our Digital Design Series event yesterday (August 26), John Blumthal and Maab Mohammed of AWB's Steering Committee gave a brief overview

ATTN: AIA Oregon Member Firms

AIA Oregon Firm Membership is now available to all AIA member led firms in Oregon. This is an additional voluntary membership program that provides additional benefits, services and opportunities geared to Oregon firms. [Learn more here.](#)

Not sure if your firm is a member? Email

of AWB's history and connection with AIA Oregon, how AWB is managed, how projects are selected, and how volunteer teams are organized. Included were descriptions of projects both local and around the world.

- Intent to Enter Deadline Monday, September 14th

- Entry Completion Deadline is Friday, October 9th

AIA Southern Oregon People's Choice Awards Call for Submissions - Coming Soon

- Intent to Enter Deadline Friday, October 23rd

- Entry Completion Deadline is Friday, November 6th

The Architects Plan to Optimize Tax Incentives for 2020

Sept. 8, Oct. 6, Nov. 10 | 12-1pm | Three-Part Series

BRAYN Consulting is excited to partner with AIA Oregon and present a three-webinar series titled, "The Architects Plan to Optimize Tax Incentives for 2020." BRAYN's mission is to guide businesses to greater value through specialty tax credits and incentives such as R&D, 179D, 45L, and Cost Segregation.

BRAYN founder and CEO, Brady Bryan, will be presenting the series. Brady's goal is to educate businesses and people on how to avail themselves of the little-known tax incentives designed for them. In this way, he knows BRAYN can make a meaningful impact on real people. It's your money – let us help you keep it!

Click on the links below to learn more and register for these free webinars.

Sep 16 | 12-1pm | 1 AIA LU|HSW Available

“Air Barrier Systems – Understanding the Technologies and their Importance”

Speaker: Peter Golter, Business Development Manager, 3M Building & Construction Markets, Industrial Adhesives & Tapes Division

This course will provide an overview of air barrier construction in commercial buildings and offer insights into the benefits of air barriers. Design considerations will be presented both around specification and installation. The importance of substrate preparation is shown in order to achieve desired air barrier performance.

Different materials and application methods are covered, including benefits and considerations. Application errors are shown for field verification and correction before building completion. Finally, test methods to verify air barrier performance are shown. Typical warranties are described to ensure air barrier effectiveness.

September 19 | 5 to 6:30pm PDT

AIA Member Discount Available - contact info@aiaoregon.org

Design Night LIVE is a Saturday night filled with design sketches, games, prizes, familiar faces, a silent auction, and more! During this interactive virtual event, attendees from all over will come together to celebrate design, community, and innovation! We will be sharing the vision and impact of Design Museum Everywhere and hear from designers from around the world about the designs they can't live without. Join Design Museum for a night filled with inspiring company, hands-on demonstrations and incredible prizes. [Learn More»](#)

PropertyFit is not your traditional loan. It is an innovative financing tool in Multnomah County that unlocks building performance and cost-savings in commercial, industrial and multifamily (5+ units) properties. PropertyFit can support projects in existing buildings, new construction, and major renovation—transforming what was once a capital expenditure into an investment in improved performance. Many PropertyFit projects are cash flow positive from day one. PropertyFit can be a valuable tool for AIA members looking to make performance and safety improvements to their facilities, especially while occupancy may be reduced due to COVID-19.
