Nov 9 | 5:30-9:30pm | Portland Art Museum

Celebrate the best of Oregon architecture and honor the outstanding architects and professionals who are shaping our communities. This year's gala will be held on November 9, 2023 at the Portland Art Museum, one of Oregon's most iconic cultural institutions.

The evening will begin with a reception and hors d'oeuvres, followed by a dinner and awards ceremony. We will announce the winners of the AIA Oregon Architecture Awards, which recognize excellence in design, practice, education, and service. We will also honor the recipients of the AIA Oregon Professional Achievement Awards, which recognize architects and professionals at all levels of the profession.

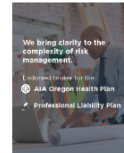

The gala is a semi-formal/Architect Chic event, and is open to friends and family to attend (over 21 please). We encourage you to join us for this special evening to celebrate the best of Oregon architecture and to honor the individuals who are making a difference in our communities.

Newly Licensed Oregon Architects

Passing the Architectural Registration Examination and becoming a licensed architect is a significant achievement. It signifies that an architect is skilled in and committed to protecting the health, safety and welfare of the public, and is a significant personal milestone for those that become licensed.

Congratulations to the architects newly licensed in Oregon between July 1 and September 30, 2023.

Call for Nominations: 2024-2026 At-large Representative to AIA Strategic Council

Submit by Oct 13, 2023

The Strategic Council seeks nominees who align with AIA's core values and can focus and lead the Council in its task of informing the Board and other AIA committees, task forces, etc., of the challenges and opportunities facing the profession.

In particular, the Council is seeking nominees with a strong understanding of Equity, Climate Change, Business, Design, and Strategic Planning. To be the most effective Council possible, AIA fully embraces this opportunity to bring other viewpoints, experiences, and talents, especially those that have historically been underrepresented in the profession.
