With attendance of 70+ in each of our AIAO Sessions, we had a great turnout last week at our Future Vision seminar series. Thank you to all of you and to the AIA Oregon Committee on Equity, Diversity, and Inclusion for making this such a successful event! If you missed any of the sessions, you can find links to the event recordings and materials at our Program Archive Page.

UO Student Recovery Corp in PDX

The University of Oregon will launch the Student Recovery Corps in Portland during the summer of 2021. This program will connect talented undergraduate UO students with community partners throughout the region for a 10-week internship opportunity.

They are seeking employers in the metro area who can foster meaningful and impactful internships to help students connect their classroom experience to the working world. Each student will receive a philanthropically funded stipend from the university, allowing employers to participate at no cost and reducing the economic barrier for students who need summer income.

Virtual Happy Hours

Our Virtual Happy Hours have regular discussion topics, often based on the T@3's "Message From" or that week's Digital Design

Series presentation, and may include breakout rooms for a more engaging experience.

11/20, 11/27 - No VHH - Happy Thanksgiving!

12/4 This week's topic will be an overview of the Facilities Task Force goals and process, and an open discussion about how we may use our AIAO space in a post-Covid world. This

discussion will give members the opportunity to comment on spatial needs.

AIA Oregon Digital Design Series

AIA Oregon's Digital Design Series is a 1 hour virtual session with various presenters on Zoom that occurs Wednesdays at 5:00pm. The topics of this series are design-focused, based on the concept of Learning from Sharing, led by people in our community and should provide opportunities for discussion.

If you have an idea for an upcoming Digital Design Series event, or would like to participate, please contact info@aiaoregon.org

Decarbonizing Building Operations — How to Approach Building Electrification

Speaker: Katie Zabrocki and Karina Hershberg of PAE

As the building industry shifts focus from the metric of energy to the metric of greenhouse gas emissions, the relationship between buildings and their energy utilities is changing. This session will look at the key system considerations required for building electrification and overview case studies of successful all-electric building projects in the region.

News & Events

The Future of Cultural Centers Dialogue Series

Oct 20 - Dec 1 | 12-1pm

During the Summer and Fall of 2020, AIA New York has been looking specifically at museums, questioning what would happen if we were to take this unprecedented time to explore new missions, visions, and (spatial) programs for existing and new museums. What will 21st-century museums be like? Join us for this Fall lineup of conversations as cultural forecaster and museum expert David van der Leer, Principal of DVDL DD, speaks with museum professionals from around the US and beyond. Architects in Schools - Two Schools Left Unserved

The Architecture Foundation of Oregon sends a big thank you to everyone who has shown overwhelming support for the Architects in Schools program as we navigate and adjust to many changes across the state and in our schools. Unfortunately, while they have seen great support, there are two schools in the program that still need design/building professional volunteers. [Learn more and volunteer»](#)

2021 CSI Certification Classes

For the 39th consecutive year, the Construction Specifications Institute–Willamette Valley Chapter (CSI-WVC) is pleased to offer a series of classes on **Construction Contract Documents** in addition to another set covering **Construction Contract Administration**. This year these courses will be conducted virtually. [Learn More»](#).

Register by December 17th for early-bird pricing.

The evening classes begin in January 2021 and continue weekly through the first part of March.
