

Oregon Design Conference 24

Dec 14, 2023

ODC 24 is May 8-10 - SAVE THE DATE!

Mark your calendars now and get ready to participate in ODC 24!

The conference theme of ODC 2024 "Beyond Shelter: Confronting Our Housing Crisis, Together" will address the housing crisis, sustainability, and resilience through the lens of what actions architects can take to have a positive impact. Architects have a responsibility to consider their role and the possibilities that exist for their collaborative impact. More information will be coming soon on the state's only conference on the practice of architecture!

Architecture sets the stage for the storytelling of our lives. The foundation, the structure of our community lives in and around the physical form. We want to know - how do we expand understanding of the links in the built environment affecting practice and outcomes for clients through case studies and presentations of creative solutions to our pressing issues.

Your conference planning committee is working very hard to select a great speaker line up and we are hoping for great attendance. Make sure you don't miss it!

Message From

John Flynn, AIA
AIAO President-Elect

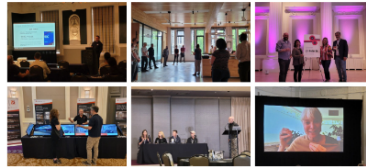

Looking Forward

ODC 24 Call for Presenters

"Beyond Shelter: Confronting Our Housing Crisis, Together"

You are invited to submit a proposal to share your experience and expertise on our conference theme with your colleagues in the architectural profession at ODC 24, the only conference in the state of Oregon specifically geared for the benefit of the state's architects. Others will benefit from your experience while you make a valuable contribution to the profession. Our goal is for people to experience educational, informative, inspirational, and entertaining professional development and quality continuing education.

AIAO Virtual L+L - Benjamin Obdyke
Jan 17 | 12-1pm | Virtual Event
1 AIA LU|HSW Available

Healthy Home: All control layers working together

Buildings have become a complex network of control systems which must work together to prevent failure, but often times these systems are incorporated incorrectly and lead to significant damage and unhealthy living conditions. This course will explore the four control layers in the building envelope and how they must work together to create a healthy home. [Learn More and Register](#)

AIAO Virtual L+L Virtual Design with Transformation in Mind
Jan 23 | 12-1pm | Virtual Event
1 AIA LU|HSW Available

By completing this program, participants will gain the knowledge and skills they need to design new buildings that meet the requirements of Portland General Electric and ensure that their clients receive reliable electric service. [Learn More and Register](#)
