Meet the 2021 Board of Directors

## As the Year 2020 Comes to a Close

*by Rod Ashley, FAIA, 2020 AIA NW+PR Director and Strategic Council Representative*

As the year 2020 comes to its close, there is no doubt that this is a year that we will never forget. And as the year ends, so does my tenure as the Region Representative to the Strategic Council and as a director of the AIA Northwest and Pacific Region.

It has been a privilege to both lead the Region and represent its members on the Council. The last three years have been some of the most rewarding and gratifying times I have experienced working within the AIA, and I hope that much of my work along with other members of the Council's Work Groups will have had a lasting impact upon the Institute. I urge any of you interested in serving on the Council to please contact me and consider your opportunities as a Strategic Councilor.

### AIAO Design Annual Call for Submissions Deadline - Dec 18

Each year the AIA Eugene Section publishes the Design Annual. Following our consolidation into a single-state Chapter, this year we're opening this publication to contributors from across Oregon.

The intent of the Design Annual is to elevate the profession in the eyes of the public, and we depend on our members to contribute design-related articles, 800 to 1200 words, that are of interest to a wide audience. These articles will cover a vast variety of subject material all under a common theme. This year's theme is "Inclusive Spaces."

Please let [Colin Dean](#) know if you're interested in submitting an article. All submittals must be received by **Friday, December 18th** (end of day) for publication in mid-January.

**Jan 20, 2021 | 5:30pm | Save the Date!**

1 AIA LU|HSW Available

AIA Eugene & AIAS UO warmly invite you to the 2021 annual Reverse Crit professional pin-up. An exciting tradition, every year local and regional firms showcase their current or recent project. In the past, the format of the presentation has been similar to an academic studio review. Multiple firms present concurrently, with rotating reviewers comprised of students, faculty, and local professionals. We are working on ways to adapt this format to our current virtual restrictions.
