## Section Leadership for 2020 Announced

The five AIA Oregon sections elected their leaders during the holiday parties over the past few weeks. This includes one new Section Director and five new Section Director-elects. The Section Directors serve 2-year terms and the Section Director-elects will serve the following term. [Meet the section leaders here.](#)

## Thank You to Sponsors and Volunteers

AIA Oregon would like to extend a sincere THANK YOU to each and everyone of our 2019 Board of Directors, section leaders, committee chairs, volunteers and Allied Partners. The success of our many programs is the direct result of a tremendous amount of hard work and effort by all involved and we *really* appreciate your time and participation!

***We could not bring these amazing programs to our members without you!***

As we wind down 2019 and look toward 2020 we hope to develop many more outstanding programs that support our members and enhance visibility of our partners... we look forward to working with you all in 2020!

## 2019 OSSC Updates

### Registration now OPEN!

Samir Mokashi, Principal at Code Unlimited, will be teaching a 2-hour code seminar, "2019 OSSC Updates". The 2019 Oregon Structural Specialty Code went into effect on October 1, 2019 with a 3-month phase is process (either the 2014 OSSC or 2019 OSSC can be used as basis of design for permit submittal).

The course will focus on understanding the changes

between the most recent Oregon codes and the 2019 OSSC adoptions, including 2018 IBC codes. Regulations on the issues common to most building types and those that may be commonly misunderstood or misapplied will be covered. This course will explain what changed, why it changed, and how to apply these updates correctly in your projects.

## PORTLAND

### Architects Without Borders - Call for Volunteers

Help needed for two projects

For the [Debre Birhan School](#) in Ethiopia they need a volunteer who can work from existing construction drawings of a composting latrine building to produce one or two 3D exterior color images showing construction materials and details such as brick coursing, as well as the sloping site where the facility

will be built. This job is estimated at three to six hours and the work product is needed before the end of October.

For the [Q Center](#) renovation in Portland they need one or two volunteers with skills in AutoCAD, Rhino, and/or SketchUp to create 2D and 3D images. Volunteers can expect to contribute a few hours of time per week on an ongoing basis.

Neither of these volunteer opportunities requires travel. If you are interested send your name, contact information and a brief summary of your relevant skills to [volunteer@awboregon.org](mailto:volunteer@awboregon.org). Please include the name of the project in the subject line.

### **Positively Portland Walking Tours**
